

# Building Video into your Workflows

## - Rounding Example

March 2024

]pexip[

# From address books to interactive maps

- Embed Pexip into your existing workflows
- Create new innovative ways to connect to medical carts or patient rooms
- Use plugins with native webapp to easily connect to patients
- Endless creativity leveraging Pexip APIs and Policy

## Room

Room	Department	Facility	Support Contact	URL of Room

# Flexible Support

- Maximize investment by leveraging existing standards-based carts (H.323 or SIP) or build custom cart leveraging USB camera
- Support for Far End Camera Control (FECC) with USB-PTZ cameras or PTZ enabled endpoints
- Translucent and moveable FECC window
