Company B	Company A			Company B

* Exchange mailboxes for VTC endpoints need to be enabled to receive external invites

One-Touch Join

] pexip [

One-Touch Join

Join with just one click

- Simplifies VTC join experience
- Provides a consistent join experience across devices
- Works with any invite with SIP dial-in details
- Helps organizations consolidate on Teams as their meeting platform with consistent join experience to their Teams meetings and the occasional external invites on other platforms
